**RETAILING AND SELLING POLICY AT GBCCA PREMISES**

GBCCA is a non-profit organization, which is exempt from federal income taxes under Section 501(c) (3) of the Internal Revenue Code. The District Director of the Internal Revenue Service grants such tax exemption provided that GBCCA will operate according to our by-laws and does not engage in any profit-making activities. These activities include but are not limited to soliciting and selling fruits, food, and any other tangible personal property within the GBCCA premises located at 437 Cherry St, Newton. In order to preserve GBCCA's tax exempt status, any retailing activities are disallowed except those initiated by GBCCA to support its programs and services.

Please note that the weekend selling by the Huaxin Chinese Language School is not subject to the above rule. The rationale is that school selling is intended to benefit the Chinese Language School in its entirety instead of one or two individual members. Such selling is related to educational purposes and hence is allowed.

GBCCA Board issues this notice to urge you to enforce the above rules.
